

JOB OPPORTUNITIES IN PEDIATRIC SLEEP

Colleagues,

We have an opportunity to build a strong sleep program at West Virginia University, please pass the word:

Behavioral Neuroscience Assistant or Associate Professor

West Virginia University's Department of Psychology (www.psychology.wvu.edu) invites applications for a tenure-track Assistant Professor or Associate Professor position beginning August 2010 in **Behavioral Neuroscience**. The position will require an active research program in the biological bases of behavior (particular areas of interest include the psychobiology or developmental psychobiology of emotion, affective processes, states of consciousness, sleep and sleep disorders, circadian rhythmicity, and memory), a Ph.D. by the starting date, and evidence of strong potential in research and teaching. For applicants at the Associate level, a history of external grant support is expected. Regardless of rank, responsibilities include undergraduate and graduate teaching (including student research supervision) and research. Interests in, and qualifications for, teaching advanced methodology courses will be viewed favorably. Obtaining significant external research support will be expected. Laboratory facilities will be assigned in our Life Sciences Building, which houses the Departments of Psychology and Biology. The Department's clinic provides opportunities for delivering services and supervising graduate students. Additional facilities and opportunities are available through the University Health Sciences Center, Center for Excellence in Developmental Disabilities, Center for Advanced Imaging, and the interdisciplinary Ph.D. program in Neuroscience. The Department of Psychology has 23 full-time faculty, 75 graduate students, and 800 undergraduate pre-majors and majors. Ph.D. training is currently offered in Behavior Analysis (ABA accredited), Clinical and Clinical Child Psychology (APA accredited), and Life-Span Developmental Psychology. Our position for a Behavioral Neuroscientist is part of our development of a new Behavioral Neuroscience program area. **Review of applications will begin November 13, 2009, and continue until the positions are filled.** Send a letter outlining teaching and research interests and plans for obtaining external research support, a vita, three letters of recommendation, and three (p)reprints to the Behavioral Neuroscience Search Committee, Department of Psychology, P.O. Box 6040, West Virginia University, Morgantown, WV 26506-6040. Inquiries may be directed to Hawley Montgomery-Downs (304-293-2001 ext 31610, Hawley.Montgomery-Downs@mail.wvu.edu). *Women, minorities, and persons with disabilities are strongly encouraged to apply.* WVU is an Affirmative Action/Equal Opportunity Employer.

Hawley Montgomery-Downs, Ph.D.
Assistant Professor of Psychology
Adjunct Assistant Professor of Pediatrics
